Breda University
of Applied Sciences
2018 – Present

Secondary Education
High School of Mathematics
"Dr Petar Beron", Varna
2012 – 2017

Hobbies

- Games
- Guitar
- Piano
- Drawing

Profile

I am a 3rd-year student at Breda University of Applied Sciences. Throughout my education, I have worked on the implementation of a variety of projects such as games or custom game engines. I specialize in graphics programming, but I have also taken on other roles such as physics and AI.

Employment History

Technical Manager, Interlogistica Delivery Company
2017 – 2018

I was assigned, together with a small team, to describe where each delivery will be sent to. I was also responsible to answer clients' delivery questions on phone calls.
